Paediatric Cardiologist

Dr Anthony Brazzale
Interventional Cardiologist

Dr Kieran Dauber
Electrophysiologist
Cardiologist

Heart Rx would like to wish you all the very best for the festive season.

Our office will be closed from 12 noon on Friday 22 December 2017 and we will re-open at 9.00 am on Tuesday 2 January 2018.

If you need to speak with a Cardiologist during this time, please phone the On Call Cardiologist at Cairns Private Hospital on 4052 5200.

Thank you for your ongoing support and we look forward to working with you again in 2018. Happy New Year to you all from the Heart Rx Team.

HEART RX REFERRALS

We have recently updated our Heart Rx Referral Forms. We will be distributing these new referrals to you shortly. Please discard any old referral forms. You can download our referrals at www.heartrx.com.au or phone us to request more be sent to you. Your own referral letters are still welcome too.

All our referrals need to be triaged by a Cardiologist or Nurse before the appointment is booked with the patient. For this reason, we ask that you send referrals directly to us via fax, email or electronic message system. Please do not give the referral to the patient for them to arrange the appointment. Once the referral has been triaged, we will contact the patient.

Please remind your patient this is a private practice so there will be a fee to be paid after their appointment (except for echocardiograms that are bulk billed). The patient is welcome to ask us for an estimate.

If you or your patient do not have a preference for a particular Cardiologist, or if you are unsure which Cardiologist to refer to, please refer to First Available Cardiologist, especially if the referral is urgent. If the referral is urgent, please indicate this clearly on the referral or phone us.

To remind you of our services & procedures, and in the Christmas Spirit, here are the 12 Services of Heart Rx that you can refer your patients for ...

12 Services of Heart Rx
